

I See Animals Hiding

Unit 3

Lesson 1

Vocabulary

natural

Not learned or taught, but something one is born with.

Flying is natural for birds. They just flap their wings and do it.

unaware

Not paying attention. Not watchful or mindful.

I had on my
earphones and was
unaware that
anyone was calling
me.

camouflage

Using colors or patterns to hide

Because of the
lizard's camouflage,
its ability to
disguise itself, the
cat didn't see it
lying in the grass.

wariest

Most careful and alert.

I'm always careful
walking home, but
I'm the **wariest**
after dark.

slithering

Sliding, gliding, or creeping.

The snake was
slithering across the
grass toward the house.
It was fun to watch him
wiggle and glide
smoothly through the
grass.

invisible

Not able to be seen.

The wind is **invisible**.

We can not see it,

but we can feel it.
