

What Color is Camouflage?

Look Again
Lesson 3
Vocabulary

stalks

to follow someone or something quietly and carefully in order to catch it.

The cat **stalks** the mouse, carefully watching and following until he catches it.

thicket

a thick growth of shrubs or bushes

The rabbit dashed into the **thicket** of greenery and disappeared when it heard our voices.

prowling

Moving quietly or secretly

Many animals can
be found
prowling around
our neighborhood
at night, looking
for food.

prey

An animal that is hunted by another for food

SNAKE = Predator

RABBIT = Prey

The hawk
found
small mice
to be
tasty
prey.

threatened

To feel that you are in danger or harm

Marcus G. Martin

The visitors were
threatened by the
barking dog. They
thought the dog
might bite them.

predator

An animal that hunts another
animal for food

Yellow bug = Prey

Black bug = Predator

A **predator**, an animal that hunts another animal for food, can be found in the jungle.
