

Why Did the Dinosaurs Disappear?

Unit 4 Lesson 3

The **climate** during the Ice Age was very cold.

protection

The keeping of someone or something from harm.

A turtle's shell is its
protection from
getting hurt.

moisture

Water or other liquid in the air or on a surface.

Copyright 1998 Frantisek Staud

We can see the **moisture**
of dew on plants in
the early morning.

erupt

To break out suddenly with force.

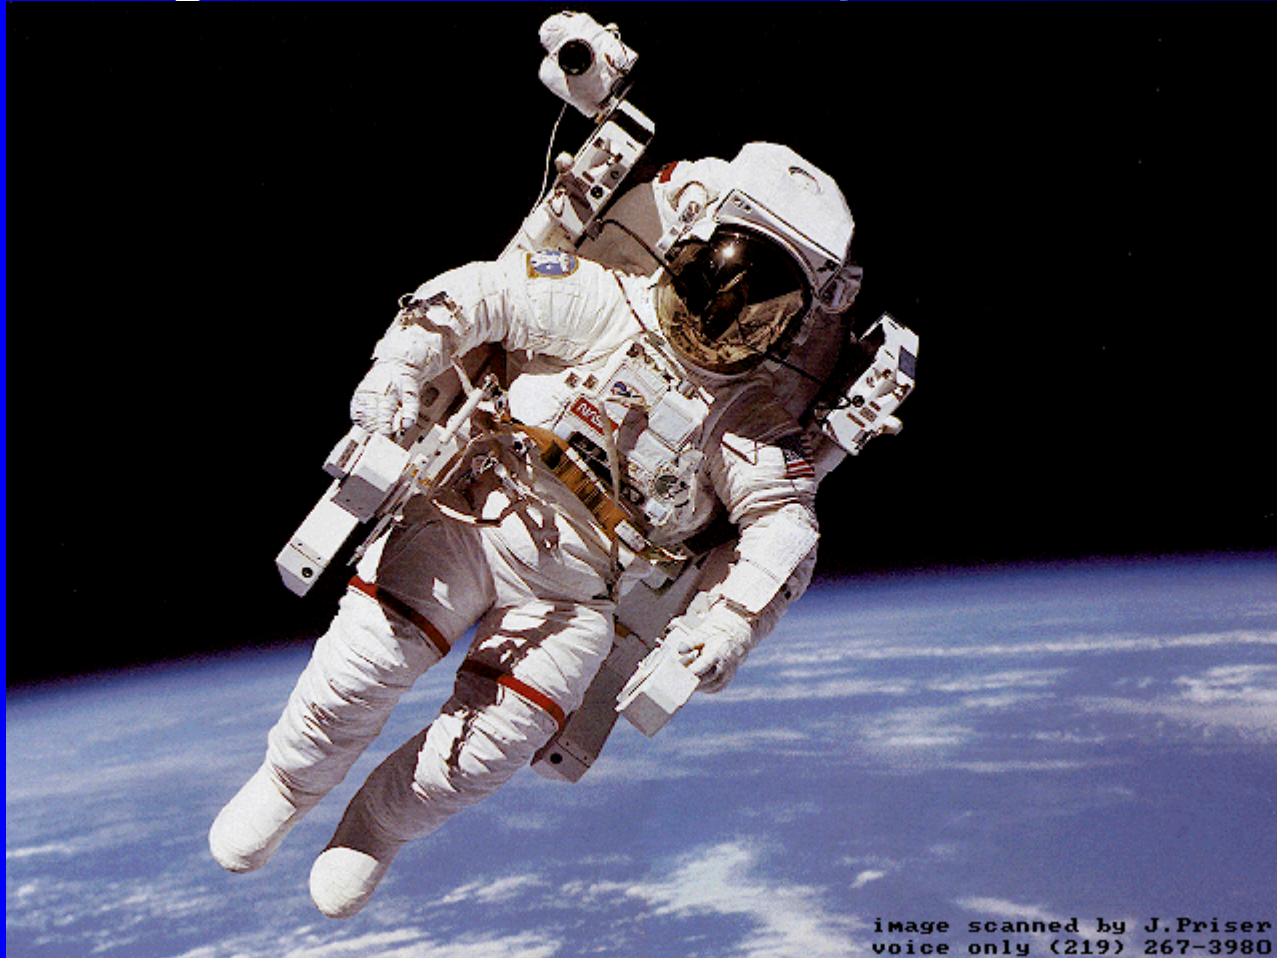

Some volcanoes erupt
often, exploding hot lava
out of the top.

discovery

Something that is seen or found out for the first time.

The computer is a **discovery** that makes information easier to find.

starved

Suffered from lack of food

Animals that could not
find food **starved** and
died.
